Freak Babylon An Illustrated History

By tracing the history of teratology — the classification of human anomalies — and looking at some famous case histories such as the Elephant Man and Johnny Eck, FREAK BABYLON shows how medical research and exploitation are often interlinked — and poses the question whether new sciences of cloning and genetic engineering are taking us back to the "dark days" of man-made freaks.

Freak Babylon: An Illustrated History of Teratology and ...

Freak Babylon is a startling, disturbing documentary of the history of one of mankind's most fascinating sciences--Teratology, the classification of human anomalies--and its dubious cultural correlative, the Freakshow, from ancient times to the present day.
