## International Trade and Development | Undergraduate ...

International trade has existed for more than 9,000 years. Long distance trade – before the existence of nation states and national borders – goes back much further. In fact, it goes back to when pack animals and ships first came onto the scene. Our modern industrialized world would not exist if countries did not import and export. Put simply; international trade is at the heart of today's global economy.

## International Trade - definition, meaning, and examples

The key difference between trade and business is that trade involves buying and selling of goods, whereas business involves all activities performed by a business entity including, buying and selling, advertising, marketing, etc..
