Strategic Management in The Private Sector There are many federal, state, and local agencies with countless variations and nuances in how they operate. To avoid blurring key distinctions, special cases, such as public agencies that rely solely on fees, are not considered in this research.

### Strategic Management: The Public and Private Sector

Strategy Beyond the Hockey Stick shows that a similar distribution of performance exists in the private sector: around 20 percent of companies account for 90 percent of economic profit. Perhaps that is to be expected: private-sector companies compete for market share, and only a few firms in any given industry are likely to achieve outside profits.
