There are plenty of genres available and you can search the website by keyword to find a particular book. Each book has a full description and a direct link to Amazon for the download.

### Purge Valve Solenoid Location 2006

2006 GMC Envoy vapor canister purge solenoid, where is it located? It is a 2-WD, SLE, with the in line 6. The vapor canister purge solenoid is on the left side of the motor about in the middle just below the intake manifold. It might be hard to see from above the engine. You might be able to get a better look from behind the driver's side front wheel. Hope this helps. Good luck.

Need location of vapor canister and purge valve in 1999 sonata v-6. any help with evap system is appreciated. The Canister is located on the rear driver's side under the car (Big black box with 3 rubber lines). And the purge valve is located on the in the center on the back of the intake manifold (2 rubber lines and 1 plug). ... 1999 Hyundai Sonata

### Where is the evap purge valve located on 2006 buick lucerne cx

Purging the carbon canister removes the fuel vapor stored in the carbon canister. With a purge port system, the vapors flow from the carbon canister to the throttle body. With an EEC controlled EVAP system, the flow of vapors from the canister to the engine is controlled by a EVAP Canister Purge solenoid or vacuum controlled purge valve.
