User guide - Wikipedia

A user manual is a formal writing piece with a specific structure, and should be written by someone who is intimately familiar with the product such as a technical writer or the product designer. Writing an effective user manual requires knowing who is going to be using the product, then writing it with these users in mind.

User manual. From semantic-mediawiki.org. Semantic MediaWiki
(or SMW for short) is an extension to the well-known MediaWiki
software. The purpose of SMW is to allow users to improve the
structure and organization of the knowledge in a wiki by adding
simple, machine-processable information to wiki articles.
